Q: 解決港人被國際人才搶工作的問題 (DSE 2019 B3)

In order to mitigate and alleviate the unemployment issue faced by locals, prudent government policies must be put forward (Formula) – subsidies would be an ideal solution. When companies are provided with incentives to hire more locals, it will increase the demand for the HK workforce, which counters the threat from foreign talents. Since the government has been accused of (功能 Vocab) inaction, setting up a subsidy would be a good way to confront this social issue head-on (功能 Vocab). When the government can actively encourage private companies to hire locals, it will not only have a straightforward effect, but it will also act as a vote of confidence for our local employees (句型).

在補Ken前，我試過不同的補習名師。令我失望的是，坊間不少考試技術不能重複使用，所以我成績沒有什麼改變。

後來因為大部份SPCC同學都補Ken，因此我轉了去找Ken補習。我認為他的Writing、Paper 3、Speaking技術都極有效；而雖然我並不太需要Reading技巧，但我亦認為他幫我在考Reading時節省了時間。

我認為他教的都是實而不華，而且他的熱情用心教學令我對這科更大興趣。我相當感激Ken的專業指導。
