Question:

61234567 DGS S6 Mar Regular Week 1

As captain of the debate team, you have been asked to write a debate speech. The task is to argue against the motion that 'reality TV shows are real'.
 In your speech, you should include three reasons to support the statement. Write your speech.

題目

Mr Chairman, Honourable adjudicators, ladies and gentlemen,

Our house opposes the motion "reality TV shows are real". Before presenting our own reasons to oppose the motion, we would like to first thank the proposition for helping us to define the term in the motion. However, we do wish to make a slight adjustment to the definition. The term "reality TV shows" should be referring to a type of television program that aims to show how ordinary people behave in everyday life, or in situations, often created by the program makers, which are intended to represent everyday life. Then, today in my speech, I would do three things, namely introducing the status quo, rebutting the affirmative team's argument and explaining our arguments.
