

## Reading By-topic (Metaphor & Simile) #1

In the heart of a bustling city, a public library stands as an oasis of silence and serenity. Amid the noise and chaos, it provides a sanctuary where knowledge blooms into a lush garden, and ideas flow in a gentle stream. Visitors are like travelers, each engrossed in their own journey of exploration and discovery, navigating through aisles of books like paths leading to hidden treasures of wisdom and insight.

Question 1: Identify the simile used to describe the library's role in the city.

Question 2: What is the implication of the metaphor "knowledge blooms like a lush garden"?

Question 3: What does "paths leading to hidden treasures of wisdom and insight" refer to?

Answer:

- i) An oasis of silence and serenity.
- ii) It suggests that knowledge is abundant and continually growing in the library.
- iii) The aisles of books in the library which contain valuable knowledge and insights.

## Reading By-topic (Metaphor & Simile) #2

Friendships are like trees in a garden of life, each one unique, offering its own kind of shade and fruit. Some friendships are towering oaks, providing robust support and longevity, while others are more like cherry blossoms, brief but intensely beautiful. They require nurturing like sunlight and rain, and when carefully tended, they can grow into a forest of support and companionship.

Question 1: Identify the simile used to describe friendships.

Question 2: What is implied by the metaphor "some friendships are like towering oaks"?

Question 3: What does "nurturing like sunlight and rain" refer to?

Answer:

- i) Trees in a garden of life
- ii) Some friendships are long-lasting and provide strong support
- iii) The care and attention needed to maintain and grow friendships

## Reading By-topic (Metaphor & Simile) #3

It was a unique feeling—the kind of exhilaration mixed with fear that only pioneers and explorers could understand—that gripped the scientists at CERN when they first switched on the Large Hadron Collider. The machine, a marvel of human engineering and ambition, was a testament to our relentless pursuit of knowledge. It felt like standing on the edge of a great abyss, peering into the unknown, and daring to leap.

Question 1: Identify the simile used to describe the scientists' experience when they first operated the Large Hadron Collider.

Question 2: What does the phrase "peering into the unknown, and daring to leap" imply about the scientists' mindset?

Question 3: What does the "great abyss" refer to in this context?

Answer:

- i) Standing on the edge of a great abyss
- ii) It implies their courage and curiosity in pursuit of new knowledge despite uncertainties
- iii) The unknown or unexplored territory of scientific knowledge

## Reading By-topic (Metaphor & Simile) #4

In her memoir, the renowned journalist recalls the early days of her career, when she was just another cub reporter trying to make her mark. When she described it, she said she was thrown into a dense jungle, armed with nothing but a pen and notepad.

Every story was a wild beast to be tamed, every source a potential guide to lead her out of the thicket of confusion, and every deadline a predator lurking in the shadows.

Question 1: Identify the metaphor used to describe the author's early career experiences.

Question 2: In the context of this paragraph, what does "every story was a wild beast to be tamed" mean?

Question 3: What does "every deadline a predator lurking in the shadows" imply?

Answer:

- i) Thrown into a dense jungle.
- ii) Each story was a challenge that needed to be understood and handled
- iii) Deadlines were constant threats that added pressure and urgency to her work

## Reading By-topic (Metaphor & Simile) #5

In an opinion article published by The New Yorker, the author argued that our modern society's reliance on technology is becoming a double-edged sword. While these digital tools provide unprecedented access to information and communication, they are also creating a population tethered to their screens, unable to disconnect.

This, the author argues, is living in a gilded cage—surrounded by the illusion of freedom provided by unlimited access to the internet, yet trapped by our dependence on it.

Question 1: Identify the metaphor used to describe modern society's relationship with technology.

Question 2: What does the phrase "surrounded by the illusion of freedom provided by unlimited access to the internet, yet trapped by our dependence on it" imply about our relationship with technology?

Question 3: What does "a double-edged sword" refer to in this context?

Answer:

- i) Living in a gilded cage
- ii) It suggests that while technology provides many opportunities, our reliance on it can also restrict us
- iii) It refers to technology having both beneficial and potentially harmful effects

## Reading By-topic (Metaphor & Simile) #6

The CEO of TechFuture, in his keynote speech at the annual convention, painted a picture of the future where artificial intelligence would play a central role.

He spoke of a reality where Alisa diligent concierge, who would manage our schedules, handle our mundane tasks, and even anticipate our needs before we realize them ourselves. However, he also warned about the pitfalls of such a future. Without proper checks and balances, the same AI could turn into an unseen puppeteer, subtly manipulating our choices, preferences, and even our perceptions of reality.

Question 1: What two metaphors did the CEO use to describe the potential roles of AI in the future?

Question 2: What does the metaphor of AI as "an unseen puppeteer" imply?

Question 3: What does the metaphor of AI as "a diligent concierge" suggest about its potential benefits?

Answer:

- i) A diligent concierge and an unseen puppeteer
- ii) It suggests that AI, without proper regulation, might influence or control our decisions and perceptions in ways we may not be aware of.
- iii) It suggests that AI could help manage our lives more efficiently, performing tasks and anticipating our needs

## Reading By-topic (Metaphor & Simile) #7

In her latest novel, acclaimed author Lucia Green deftly weaves a tale of intrigue and suspense. Her protagonist, a seasoned detective working in a dystopian city, is described as a beacon of truth in a world riddled with lies and deception. Through the character's journey, Green subtly poses a philosophical question: in a society where falsehoods are the norm, is truth a beacon of hope or a lone ship in the middle of a tumultuous sea? Indeed, the author is inviting us to ponder on this challenging question, which is especially important in this era where morals and ethics are often sidelined in the interests of instant gratifications.

Question 1: Identify the two metaphors used to describe the protagonist and his role in the society.

Question 2: What does it imply when the protagonist is described as "a lone ship in the middle of a tumultuous sea"?

Question 3: What is the philosophical question that the author poses through the protagonist's journey?

Answer:

- i) A beacon of truth and a lone ship in the middle of a tumultuous sea
- ii) It implies that the protagonist, as a truth-seeker, is isolated or faces significant challenges in a society dominated by lies.
- iii) The question is about the role and implications of truth in a society where falsehoods are prevalent
