Recently you have heard several people making complaints which you thought were unreasonable. Write a letter to the editor of the Hong Kong Post about this. In your letter, describe the situation which some people complained about, outline the point of view of the complainants, and indicate why you think those people are unreasonable.

Dear Editor,

I'm writing to share my outlook about [ the increasing trend for people to make unreasonable complaints ], a topic that I have come across in an article of your newspaper. The discourse about [ those who make unreasonable complaints ] is seemingly on everyone's mind and there are some who believe that [ they are entitled to complain no matter they have grounds or not. ] While this may resonate with some, I believe it comes nowhere near the truth. I had witnessed cases in which some people made ridiculous complaints. It is my belief that we should not vent our anger in senseless complaints.

Some people believe that filming movies in the city centre should not be allowed. Others support it. Write a letter to the editor of the Hong Kong Daily giving your opinions. Provide three reasons to support your point of view.

Dear Editor,

I'm writing to share my two cents about [ the issues and controversies related to moviefilming activities in busy city centres ], a topic that I have come across in an article of your newspaper. The discourse about [ the pros and cons revolving around such shooting activities ] is seemingly on everyone's mind and there are some who believe that [ this should not be allowed because it is creating plenty of disturbances that could affect many stakeholders, especially when this happens in crowded cities. ] While this may resonate with some, I believe it comes nowhere near the truth. It is my belief that we should not ban people from filming movies in metropolitan cities.

It has been recently claimed that in the workplace many Hong Kong fresh university graduates are less hardworking and less willing to face challenges compared to those in the past. You strongly disagree with this opinion. Write a letter to the editor of the Hong Kong daily disagreeing with this opinion. Support your view with three reasons and/or examples.

Dear Editor,

I'm writing to share my two cents about [ the alleged reluctance of HK fresh university grads to work diligently ], a topic that I have come across in an article of your newspaper. The discourse about [ these allegedly lazy young adults ] is seemingly on everyone's mind and there are some who believe that [ they are a huge disappointment when compared to those in the past. ] While this may resonate with some, I believe it comes nowhere near the truth. Only if we consider society's changing circumstances could we form a fair conclusion – I will endeavor to explain why fresh grads are anything but inferior.

Among all the adventures we provide, the one that  
seizes the Crown would surely be the photo taking spot

the 50-metre tall waterfall gives you as much

reassure you that you will be grinning from ear to  
ear upon seeing the snapshot – the splashing water,  
the spectrum of colours from the refraction of sunlight
